

ADAPTIVE SYSTEMS

Unusual Solutions by Unconventional Professionals

CAPABILITY STATEMENT

SBA-CERTIFIED SDVOSB

COMPANY OVERVIEW

Adaptive Systems LLC is an SBA-certified Service-Disabled Veteran-Owned Small Business providing UAS training, manned and unmanned aviation support, technical documentation, operational readiness, and program execution for government, defense, and commercial customers. We connect operational requirements with practical training, field support, and implementation.

CORE CAPABILITIES

UAS Training and Qualification

Training needs analysis; programs of instruction; lesson plans; instructor and student guides; scenario events; evaluations; qualification standards; and train-the-trainer support.

Aviation Readiness and Field Support

Mission planning; operator and instructor augmentation; exercise and demonstration support; readiness assessments; field coordination; after-action reviews; and corrective-action planning.

Technical Documentation and Courseware

Operator manuals; SOPs; quick-reference guides; checklists; test cards; technical curriculum; customer briefs; and qualification documentation.

Program Execution and Capability Integration

Operational requirements; test and evaluation planning; vendor and customer coordination; logistics; risk tracking; operator feedback; and integration support.

REPRESENTATIVE KEY PERSONNEL EXPERIENCE

- Developed and delivered MQ-1C training for Special Operations aviation personnel across qualification, gunnery, ISR employment, mission planning, and crew coordination.
- Led instructors and built training standards, evaluations, scenario events, SOPs, and readiness tracking for mission-focused aviation programs.
- Supported autonomous aircraft and defense aviation initiatives through operational requirements, vendor coordination, logistics, ROM development, documentation, and customer engagement.

DIFFERENTIATORS

- More than 10 years of aviation, UAS, Special Operations, and defense-program experience.
- More than 2,100 accident-free MQ-1C/ER flight hours.
- Operational, instructional, and program-execution experience in one small-business team.
- FAA Commercial Rotorcraft-Helicopter; Instrument Helicopter; CFI and CFII-H; S-70 type rating.
- Active Secret security clearance held by key personnel.
- Small-business agility with direct senior-level customer support.
